ABOUT JOINT HEALTH

- WHAT IS GLUCOSAMINE?
- WHAT IS JOINT SHIELD™?
- WHY TAKE OSTEO BI-FLEX® OVER OTHER BRANDS?
- HOW LONG DO I NEED TO TAKE OSTEO BI-FLEX®?

Q. What is Glucosamine?

A. Glucosamine is an amino saccharide that occurs naturally in the body. Glucosamine is used by the body as a precursor for cartilage synthesis. Glucosamine is also necessary to keep cartilage tissue lubricated and maintain its naturally slippery texture.* Osteo Bi-Flex® products utilize Glucosamine help support joint comfort, mobility and flexibility.*†

Q. What is Joint Shield™?

A. Joint Shield™ is a proprietary blend that works to guard against the action of enzymes that affect joint health.* Joint Shield™ features our exclusive ingredient 5-LOXIN® Advanced, which has been shown to improve joint comfort within 7 days.^{1*} 5-LOXIN® Advanced is a super concentrated extract of Boswellia serrata, which helps with joint flare-ups.*

Q. Why Take Osteo Bi-Flex® over other brands?

A. Osteo Bi-Flex® is the only brand to feature the revolutionary formulation of ingredients in Joint Shield™, with the exclusive ingredient 5-LOXIN® Advanced. Taking 5-LOXIN® Advanced has been shown to improve joint comfort within 7 days.^{1*} Joint Shield™ works to guard against the action of enzymes that affect joint health.* 5-LOXIN® Advanced is a super concentrated extract of Boswellia serrata, which helps with joint flare-ups.*

Osteo Bi-Flex® is manufactured under the strictest standards for product purity and potency. It is made exclusively with naturally sourced Glucosamine†. With Osteo Bi-Flex®, you can rest assured that what is on the label is what you are getting!

Q. How long do I need to take Osteo Bi-Flex®?

A. The 5-LOXIN® Advanced in Osteo Bi-Flex® has been shown to improve joint comfort within 7 days.^{1*} However, taking Osteo Bi-Flex® regularly can contribute to joint health and comfort.* Significant improvements have been shown with continued use of 5-LOXIN® Advanced and continued improvements in joint comfort when studied over a 90 day period of time.*

Glucosamine is a key building block of cartilage.* The longer you take Osteo Bi-Flex® the longer your body will benefit.*

PRODUCTS
